## Supervisors' Action Brings Sharp Protest

Advisory Committee Believes It Should Have Been Asked

County supervisors came in for a blast from the Coachella Valley Advisory Planning committee Wednesday night for their selection of the county fair grounds at Indio for the proposed new branch courthouse in the desert.

Not only did they protest the selection but the manner in which it was selected.

Consensus was that the committee should have been consulted before the choice was announced.

L. C. LEWIS, past chairman of the group, was the tersest in his comment:

"Lousy," he said.

Former Supervisor James Easley of Palm Springs said it was "merely a method of pigeon-holing the whole deal."

But the CVAPC's final formal action was not so strong. Members moved to "express regret over the Supervisors' decision which was made without further consultation."

THE CVAPC has spent a lot of time in conjunction with the County Planning Commission studying several proposed branch courthouse sites.

Supervisor Collis Mayflower, of Blythe, proposed the County Fairgrounds site to the Board of Supervisors last week. He said then he had consulted with people in the Valley and had gotten a favorable reaction to it.

"I put up a trial balloon down here," were his words then.

Indio's Mayor Clarence Washburn said Wednesday night he remembered only that Mayflower mentioned the fairground site to him once in a brief conversation in a hallway.

BUT MAYFLOWER had a defender at the meeting in the person of Homer Varner, County Planning Commissioner and a candidate for Mayflower's Supervisorial job at the coming election.

Varner said he had felt the fairground site was a bad selection at first but that Mayflower had convinced him it isn't.

He said Mayflower felt the County could not spend a lot of money for a site and then still have money for its development in view of the fact that welfare costs will push the tax rate up next year anyway.

THE COUNTY already owns the fairgrounds.

Dr. Claire Johnson of Mecca told Varner there were two other free sites offered too—the County-operated war-surplus Thermal Airbase and a site at Palm Desert which would have been given the County free by Cliff Henderson.

Varner said the Federal Government might take back the Thermal Airbase in the event of war and the Palm Desert site is See BRANCH, Page 12

(EDITOR'S NOTE — At the tramway hearing last week one of the arguments against the big lift was that: primitive forests build character in youth—but, said one of them, "how ya gonna build character if the woods are full of Palm Springs blonds?" So, pardon me, I had to obey that impulse.)

Aha, a point against the tram Springs from the lips of youth. With trees primeval, he'd say

To any blond uncouth.

The rugged trails that test the brown.

They are for him, it's clear.

The birds, the bees, the wide-eyed fawn

But not a blue-eyed deer.

Anyway, I know now what a forest primeval is... since high school days I've puzzled over that one. A forest's primeval is a blond. And if they ever go round Round Valley and find Hidden Lake, they'd better not do it on September morn.

WATCHING pedestrians and/or the signals we have in Palm Canyon drive on busy days brings up the thought that either the signals should be spotted at more strategic positions, especially at that staggered crossing at Andreas and the drive, or else signs placed where pedestrians would be reminded to look for them.

Or maybe a little eye-wash for the pedestrians so that they could look... But four out of five sail blithely across Andreas when the sign warns them

THE BATTLE IS WON—Harry Oliver, left, drove down from Thousand Palms and Don Cameron, right, up from Rancho Mirage to meet on the new Del Sol road, completed this week, which provides a long-sought short cut. Both worked for it for years. Maxine Gagnon of Beverly Hills and Palm Desert, in the middle, is also happy for the road cuts the distance between the two points by miles. Oliver, who started to campaign for Del Sol road more than a decade ago, was so happy he considered making his peace with supervisors and dropping his secessionist move. (Willis Photo.)

## Hospital Deed Due in Week Says Colgate

Deed to the 7.85 acres at the rear of Torney General Hospital holdings to the Desert Hospital district is expected to become a reality early next week, it was indicated yesterday by Roy Colgate, attorney for the district.

Oscar Ewing, administrator of the Federal Security administration, is scheduled to meet Monday or Tuesday in Washington with other interested parties and the deed is expected to be forthcoming following the session.

Principal hold-up, Colgate said, has been due to the amount of equipment in the buildings at present on the property and the hospital district is attempting to obtain as much of this as is possible. Equipment is valued at \$27,000, it is said.

In the meantime, architects have completed plans for the new hospital structure to go on the acreage and as soon as it is legally permissible to do so the contracts will be let and work started on the building which will originally enclose space for 40 beds.

Word was given last month of the deed to the city of the property but, so far, actual copy of the contract has not been presented to the district pending decision of the hospital equipment which the district is attempting to obtain also.

## Henry Norman On C. C. Board

New member to the board of directors, Palm Springs Chamber of Commerce, is Henry Norman, son of the owner and managing director of Del Tahquitz hotel, who will fill the vacancy created at departure of Max Dresdner, former owner of the hostelry.

Uncompleted portion of the one-year term is tenure of the office to which Norman was unanimously elected.

## Phillips Goes Back To National Capital

Congressman John Phillips of Banning, representative from this district, following a whirlwind speaking tour in the county, departed last Saturday for Washington for resumption of congressional sessions this week.

## There's Work to Do Among Clerks in Travel Agencies

Concrete instances of travel agents in New York City attempting to unsell a potential Palm Springs customer were unfolded this week to Olman Travel Service, local travel agents.

As has been rumored many times in the past of agents in other parts of the country trying to divert customers to other desert or sun resorts, the story this time has the verification of a woman (name from the Olmans on request) who herself ran into the situation four times in as many days by top Gotham agents. (Names of these, also available on request.)

In each instance, she said, she inquired about rates to Palm Springs and three times the clerk immediately asked "Why Palm Springs?" and continued

## DEL SOL ROAD OPENED TO TRAFFIC THIS WEEK

Del Sol road is open and traffic is rolling over its black top.

Harry Oliver of Thousand Palms who started shouting for the road away back in the pre-war days, is happy and so is Don Cameron of Rancho Mirage who has been thumping the tub for it the past few years. A. C. Keith, county road commission, said Wednesday the road was ready.

Del Sol road links Thousand Palms and Rancho Mirage.

Lodge and joins Ramon road just this side of the Southern Pacific.

THERE WILL BE a big celebration a week from tomorrow in the late afternoon when the ribbon will be cut, pictures taken and refreshments served. For the highway is important to many people. It affords a new short cut for coastal residents to the Rancho Mirage and Palm Desert area, it provides a jaunt slightly more than five miles for residents of Thousand Palms and the Rancho Mirage. Palm Desert area who want to go from one spot to the other. Formerly they had to come through Palm Springs via 111 and then east again on Ramon. It will relieve traffic on Highway 111 from Palm Springs. And it is a scenic road over rolling sand dunes.

The new road cuts through from Rancho Mirage, at Airpark

## Village to Collect \$8046 Fees From Liquor Licenses

Palm Springs was allocated \$8046.88 from liquor license fees for the six month period ending February 28, 1950, according to figures released by William G. Bonelli, fourth district member of the state board of equalization.

Payment is expected within the next few days.

Palm Springs' share was the second largest in the county, Riverside receiving \$12,698.13.

## Alumni Club In Town Today

What is hoped to set a precedent in migrations is listed for this weekend in the Village with the trek of alumni clubs of Penn State and Cornell university grade to a three-day social get-together. Expected on the initial pilgrimage, Frank Ewing, convention chairman of the local Chamber of Commerce said, are possibly as many as 400 persons during the gathering today through Sunday.

Date bids were scheduled to have been decided upon was opening date, March 22.

James Kemper Now In Santos, Brazil

Word was received in the Village this week from James Kemper, winter colony resident, from Santos, Brazil, where he is attending the 5th Plenary of the Inter-American Council. The organization established to promote harmonious business relations between the Americas has had considerable success in its objectives. Mr. Kemper has served as its president for several years; hopes to have his resignation accepted at the current meeting.

Red Cross Branch To Meet May 10

Members of the local branch, American Red Cross, are preparing for a large meeting May 10 at which time officers for the coming year will be selected. Warren Slaughter, chairman, said yesterday.

With a sales pitch about Florida. The other agent attempted to sell Havana.

Olman said he did not believe it was through lack of prompt commission payments by local hotels that caused this, as has been mentioned in the past, but he felt it was more a problem of individual clerks' research necessary in digging up any available data on the Village as compared to the orderly brochures of information by other resorts.

In the big agencies," he said, "the problem is to get as much production out as is possible, and where a lot of research is necessary the clerks just aren't going to do it when they can dig down and in one folder produce all the information they wish on other resorts."

# Indians Launch Move For Fuller Cooperation

## Gems Worth \$69,000 Lost By Villager

Loss is Reported To Police; Still Hope to Find Jewels

Loss of jewels valued at nearly \$69,000 were reported to Village police this week by Mrs. J. Fred Zimmerman, 1177 South Riverside drive, with the precious baubles discovered to be missing Monday.

According to a statement to Captain Orest Johnson, in charge of the investigation, Mrs. Zimmerman, widow of a Philadelphia theater chain owner who died two years ago, had last worn the jewels, most of which were pearls, to a reception at the Los Angeles home of General Cousins on March 6. Returning to her Village home the next day she had immediately placed the jewels in a cardboard box and had hidden them away in a closet. Preparing to move to her home in Beaumont for the summer, Mrs. Zimmerman started packing all her personal effects and an Sunday and Monday had made several trips to the pass city accompanied by her maid.

THE PRECIOUS GEMS were discovered to be absent on Monday, said by Mrs. Zimmerman to be the first time she had looked for them since the General Cousins reception.

Most of the major items were listed by Mrs. Zimmerman as follows: emerald and diamond bracelet, \$8000; pearl and diamond tassel, \$2700; pearl chain, \$300; pair of onyx and diamond cuff links, \$400; diamond and emerald bracelet, \$5000; pearl necklace with 101 pearls, 283.76 grains, with a marquise diamond brooch, 3.47 carats, \$24,300; pearl necklace, 89 pearls, with a marquise snap, \$20,000; string of culture pearls, waist length, \$1000; brooch of emeralds and diamonds, \$5000; and other assorted odd pieces all totaling nearly \$69,000.

NONE OF THE ITEMS were insured, Mrs. Zimmerman said.

In a statement yesterday, Chief August Kettmann said "We still have hopes of finding the jewels, believing that perhaps they were mislaid, although if stolen, the theft occurred at about the same time as other thefts in the Village and may be tied in with the so-called 'Raffles' robberies."

## Sinatra's Wife Sues Crooner

Word was released yesterday of the separation of Village Frank Sinatra and wife, Nancy. Suing the crooner for separate maintenance, Mrs. Sinatra was represented at Santa Monica superior court by Attorney Arnold Grant of New York.

Mrs. Sinatra will have custody of the couple's three children with Frank having the right to visit them. No divorce is indicated.

## It's a Baby Girl For Jack Ballard

Word reached Villagers this week of the birth last Thursday of a baby girl to Mr. and Mrs. Jack Ballard at the Cedars of Lebanon hospital.

Name of the youngster, who weighed only two pounds at birth, has not as yet reached the Ballards' Village friends, but both mother and daughter are said to be "doing nicely."

## Gold Mine Campaign Now Running Along Smoothly

Intense planning and a series of meetings have rounded the Palm Springs Gold Mine corporation drive into a smooth-running function, it was announced yesterday by Kenneth Kirk, chairman of the campaign which will bring enough funds together for adequate city advertising and publicity to compete with rival resorts.

Divided into eight divisions representing all phases of Village business, all have held meetings during the past week and each has worked its own methods out as to how best to raise its quota of the \$39,000 necessary for the promotion.

More than \$2500 in cash has

## Tram Marks Time Waiting U. S. Decision

Two-Day Hearing Ends, Verdict Now In Federal Hands

"Tramway developments are now at a standstill awaiting verdict of the Department of Interior on the last right-of-way needed," Earl Coffman, of the Mt. San Jacinto Winter Park authority said yesterday.

Hearing on the right-of-way across 320 acres of mountainous terrain at the base of the lift was conducted in Riverside last week by Regional Forester Perry A. Thompson of the San Francisco office.

Yesterday marked deadline date for written letters of support of the project (or opinions against it) at the San Francisco office, following which an opinion will be rendered and forwarded to the Washington office. This, it was indicated, might take two or three weeks.

IN THE MEANTIME the authority's application for RFC financing of the \$10,000,000 project will be held up until word is received from the Department of Interior on the U. S. Forestry department's decision on the right-of-way, sole remaining right-of-way barring continuance of the lift development.

Public hearing at Riverside marked the final stand of wildlife conservationists to block construction of the project. The stormy two-day session brought 89 persons to speak for or against the proposed construction before Thompson and Jess Farr, regional solicitor for the U. S. Department of Agriculture.

SPEAKING for the tramway were members of the local city government, chambers of commerce throughout the county, Automobile Club of Southern California, state chamber and the authority, represented by Attorney Lockwood and Chairman Earl Coffman.

Opposing the project were conservation groups including Sierra club, Wilderness society, National Parks association, Izaak Walton league and the Audubon society.

## Mackey Visitor In Village Area

William O. Mackey, district attorney of Riverside county, was a Village visitor yesterday and featured speaker at the Lions club luncheon where he advocated a much stronger working arrangement between county and city governments in the county, especially in relation of Palm Springs to the central county offices.

He announced that he himself would shortly inaugurate a plan whereby a representative from each office would be available in the Village for legal and official consultation one day each week, thereby saving residents of Palm Springs a great deal of unnecessary travel for official conferences.

## Coordinating Group To Meet on May 9

Final Mayor's Coordinating council meeting of the season will be held Tuesday, May 9, at the Racquet Club. It was announced yesterday by Bill Dunkerley of the Chamber of Commerce, in charge of arrangements.

## Double Scare Campaign In Prospect

County recreation commission is planning a scare campaign—against county supervisors.

At this week's hearing, supervisors were cool toward an appeal that the budget include funds for county-wide recreation. "Every time we talk about it, the County Taxpayers association comes in and just scare the wits out of us with their threats," said Supervisor Ed Hill.

"Then we'll organize and scare you the other way," said a commission member.

Despite the "boo" campaign, supervisors refused to give the commission any assurance that they would set aside funds for the commission.

## Scoff at Tale Of Sea Shore Near Village

There will be no seashore within a few miles of Palm Springs as forecast in a dire prophecy a few weeks ago. Engineers, meeting in Los Angeles this week scoffed at the claim that the Gulf of California would eat through the silt barrier at the mouth of the Colorado river and flood the rich Imperial and Coachella Valleys up to the sea level mark not far east of here.

It isn't possible, they said.

TRANT RIVERS, not the Gulf of California, are the only dangers threatening to flood the valleys, according to Lawrence M. Dawson, of the International Boundary and Water Commission. His paper was read to the convention by Joseph Friedkin, resident engineer for the commission at San Diego.

Dawson said that a recent article in a national magazine asserting that the Gulf of California was eating through a land barrier and would soon flood the California valleys was wrong.

THIS LAND BARRIER is 40 feet high and 65 miles thick, he declared, and the Gulf has not encroached upon its seaward side in the 75 years that accurate observations have been made.

There has never been an earthquake in recorded history that could come near sweeping out the barrier, he declared.

SOME WATER has been found in a basin in the Colorado River delta, the paper said, but this was fresh water from the river that was unable to reach the Gulf because of excessive high tides at certain times of the year. No salt water has even penetrated into the valleys from the Gulf, he claimed.

WITH THE EXCEPTION of a few of the old time members of the tribe, Segundo said, he believes the Indians now want to sit down at a round table with city planners and city councilmen and discuss their common problems.

"Most of all," Segundo emphasized, "we want our new City Councilman Jerry Nathanson to sit with us at our tribal meetings so that he will be better acquainted with our problems."

"I think now more than ever," reiterated Segundo, "that the Indians and the city can get together and work out our problems."

ENCOURAGING is the news that Western Air Lines will continue their Los Angeles to Palm Springs service throughout the summer. There is no doubt this will tend to stimulate business here during the summer—especially in May and June when it is cool along the coast and so delightful here. There are other indications that the Village will be more active this summer than last. There will be more building for one thing. It is expected that many new G. I. homes will be built in the next few months... the projected Palm Valley Club is scheduled to start construction in June or July... and maybe whoever gets El Mirador will start refurbishing it this summer. Many new homes and several business properties are due to get under way soon.

There will be more to do also as Chi Chi and The Palm House are planning lively entertainment programs throughout the summer. There will be other places of entertainment open all summer, too, and a lot of hotels. The Shadow Mountain Club at Palm Desert with its big pool will attract hundreds of members and guests throughout the summer months as it did last summer. Tony Potenza says his Palm Village Inn will do more business than during the winter and plans opening a large, open patio called Sun and Stars. Early next month, The Desert Sun will carry a complete list of places that are going to remain open all summer; just drop this newspaper a line and your establishment will be included.

The Desert Sun would also like to get more news items in about the summer activities of Villagers and their friends. All are invited to contribute any information of interest, including social notes. This assistance will be greatly appreciated by the editor who must get along during the summer pretty much on his own. We like to get items about Villagers on vacation—so drop us a line and tell us where you are "having a wonderful time."

## Home Mail Delivery Cut To One Daily

Delivery of mail was cut to one daily this week under new regulations received by R. M. Gorham, postmaster. The new curtailed service went into effect Monday.

Under the new economy schedule only one delivery of mail will be provided for residential districts on city delivery routes. One delivery of parcel post will be made on all routes.

The present two deliveries a day, other than parcel post, will be maintained on the foot carrier routes in the business district.

As a further retrenchment move, the post office will discontinue directory service on ordinary mail other than perishable matter or mail of obvious value.

"Directory service has been given mail with incomplete or incorrect address," Gorham said. "The above does not affect forwarding of mail from a forwarding order in file from a mailing address."

Therefore, it is important that patrons have their mail properly addressed to their mailing addresses and not to their resident addresses if that is different from their mailing address.

At the present time, Gorham said, there will be no further changes in mail service at the local post office.

## This One Has Feathers

"That's the first one with feathers that I've seen."

So said Jacques Cromelin, Smoke Tree ranch manager, when the oddest guest ever entertained there, arrived.

It was a loon—a real loon, a bird, that is.

Noticed flopping about on the desert near Smoke Tree ranch last Sunday morning was the marshland bird which had probably under-estimated his mark towards wherever he may have been migrating. Or perhaps he took a dive at the STR pool and missed. Or maybe he went to make a landing on a mirage; no

one has been able to explain his presence, so far.

Picked up by a guest who knew her ornithology, the bird was immediately placed in the pool and revived somewhat and held in abeyance for what the consensus deemed to be the best disposition: a free ride to Long Beach this week where he would be launched with fitting ceremonies on the lagoon near Belmont shore.

In the Village over the weekend were early days residents Dr. and Mrs. Bacon L. Clifton.

## Two Scouts Will Receive Highest Awards at Court

Two Boy Scouts of the Palm Springs district council will receive the Eagle Award, highest in Scouting, at a Court of Honor to be staged next Wednesday at American Legion Hall.

They are both from Troop 81, Cathedral City, and badges awarded them next week will mark another time they have received honors together.

The boys are M. Eugene Thompson, son of Scoutmaster Scott Thompson, and Eugene Patrick. They received their steady advancement badges together since they became Scouts, a pot luck supper at the Legion hall will precede the Court of Honor. J. Carol Naish is expected to be present to make the awards.

Ed Deering and Jacques Cromelin, co-chairmen of the Advancement Committee of the local Scout district, are in charge of the program.

Party, given by Ladies auxiliary 578, was attended by several hundred persons. Hall, first in the county to be owned outright by a local, is located opposite the radio station on Radio road. ## Carpenter's Hall Formally Opened

Dedication of Craftsman Hall, 399 Radio road, new home of Carpenters' Local 1046, and Ladies' Auxiliary 578, was featured last Thursday night with a large throng present.

Present to assist the two host groups in the dedication was A. W. Muir, representative of the International United Brotherhood of Carpenters and Joiners of America, who gave words of congratulations to the group in erecting the first hall in Riverside county owned outright by the local. President of the local union is Hap Ward, while Mrs. Lena Adams is head of the auxiliary.

Having 1000 square feet of floor space it is expected that the hall will be used by other groups in town for regular meetings.

Next meeting of the auxiliary, to which other ladies of the union are requested by President Adams to attend, will be held May 4, at 7:30 p.m.

## Mother of Village Man Summoned

Bob Norie, tennis pro at Spaulding Tennis Center, was summoned to Chicago where he attended to the death of his mother, Mrs. J. Norie, who died at the age of 63. She had just returned to the eastern city after a visit with her son when stricken.

## DAYLIGHT TIME GOES INTO EFFECT SUNDAY

Get ready to set your clocks up one hour next Saturday night before retiring.

Daylight time goes into effect at 1 a.m. Sunday morning and will continue until September 24. Saturday night you'll go to bed on standard time and awake Sunday morning on daylight time—losing one hour in the process.

You'll make it up in September. Under Daylight Saving, Southern Pacific will continue to operate its passenger trains on Standard Time, as required by federal law, it was announced here today by Charles McGuinn, local representative.

For public convenience, however, most of the company's trains operating entirely within California will have schedules one hour earlier than at present, it was stated, so that train arrivals and departures, as shown at Standard Time in published timetables, will conform under Daylight Saving to the hours with which travelers have become accustomed.

## Village Planning Consultant Dies

Sad word reached the Village yesterday of the death early last week in Louisville, Ky., of Earl O. Mills, planning consultant for the city who was working on the master plan for the Village's future.

Death was attributed to a heart attack shortly before Mills was to confer with the mayor of the Kentucky city concerning a planning job there.

According to City Manager Russell Rink, the 52-year-old planning expert was only about one-third done with the Village job, and he said he did not know what would be decided on for completion of the master plan but that City Planning Director Charles Woodman would enter negotiations with other top-flight experts to get the job finished on schedule.

## Tietelbaums Back For Long Stay

Back for a long stay in the Village are Mr. and Mrs. Morris Tietelbaum of New Rochelle, New York. With the couple of course, are their four children.

Mr. Tietelbaum is a well known labor relations attorney in New York City, and this is the second year he and his family have spent in the Village.

On arriving here a little more than two years ago, Tietelbaum bought the home of motion picture tycoon Joe Schenck at 608 Indian Trail. In addition to this home and the one in Rochelle, New York, the couple also own a home in Miami, Florida.

"We've been to Florida this year, declared Tietelbaum, "and it was nice there but the lure of Palm Springs was just too much for us to resist."

## Burchfield Praised For Assessments

Frank Burchfield, county assessor, this week was in receipt of a letter from the state division of Assessment Standards, praising him for an "equitable and excellent job." A copy of the letter was read by supervisors Monday.

Attending the legislative council of the American Legion at Eureka, April 16 and 17, Col. Robert Ellsworth of local post 519, reported many subjects of national and local interest under discussion. Col Ellsworth is third vice commander of district 21 and a member of the National Security Commission.

Sessions were under the direction of Lewis K. Gough, California department commander who reported that Russia was spending 18 per cent of its national income on an armament program.

Col. Ellsworth reported that the Hoover Commission report was viewed by the veterans as a "political inroad to socialize medicine, insurance and housing at the veterans' expense." The World Federalist movement was branded by the group as a communistic endeavor to blind the American life.

**ALL SOUTHERN PACIFIC** trains operating between California and other states will hold to present schedules on Standard Time, operating one hour later by the clock on Daylight Time.

All Pacific Greyhound Lines schedules in California will operate on Daylight Saving Time beginning April 30, effective date of the California Daylight Saving law. Glen G. Magnuson, general traffic manager of the company, announced today.

All Southern Pacific trains operating between California and other states will hold to present schedules on Standard Time, operating one hour later by the clock on Daylight Time.

Led by Governor Frank V. Crane of Santa Ana, the throngs of delegates crowded the Village in three days of business sessions and two days of recreational activity unduplicated in the history of district 162 and said, by one of the national officers present, to be one of the finest ever given by any Rotary group.

## Rotarians Like Palm Springs Hospitality

Rotary District convention held here last week is believed to be the most successful gathering of its kind in Palm Springs for many years. The belief is based on the general satisfaction of those in attendance. There were almost no complaints, and most of the delegates were enthusiastic in their praise of the manner in which the numerous events were carried out.

Much of the credit goes to the convention bureau of the chamber of commerce and its manager, Frank Ewing who worked with Rotary officials and convention officials in planning the affair. It goes to show the importance of this phase of convention promotion. The direct benefit which is derived from the money spent by delegates is not as lasting as the opportunity to interest those who attend a convention in returning for a vacation—or telling their

friends about Palm Springs. To accomplish this, the delegates must be favorably impressed. Everything must go along smoothly—and that takes planning weeks ahead. This is a function of the convention bureau.

Palm Springs is gaining a reputation as a good convention city. Groups have found that attendance here has been better. Prospects of getting the water polo tryouts for the Olympic games here in February seem excellent if the projected Palm Valley club gets construction started on schedule. The State Horsemen's association meeting scheduled for October will bring an estimated 5000 persons—the largest ever staged here. That such gatherings are a great boon to the community goes without saying, but to gain the fullest benefits requires a service convention bureau working in combination with local committees.

## Opinions from Other Editor's Desks

### CORRECT SPELLING (Sacramento Bee)

So much criticism has been heard to the effect modern day schools do not teach pupils how to spell that the educational authorities in Los Angeles arranged a test among the high school seniors and the sixth graders in the elementary schools.

Twenty words were given to each group and the results came out about the same—around 85 per cent. This might not sound so bad except for the fact the list given to the seniors would have been reasonably appropriate for the sixth graders and any third grader should be able to do a pretty workmanlike job with the sixth grade list.

It perhaps is heartening, for example, that 93 per cent of the sixth grade pupils spelled the words much in orthodox fashion. But the mystery is how the remaining 7 per cent were able to find any other way to spell the word.

Also, more than 90 percent of the high

school seniors did all right with such brain teasers as comic, display, moral and inspect. The word comic was high on the list, due no doubt to frequent association with the word, but even so 5 percent did manage some other spelling, possibly komik.

And 8 percent thought up some way other than that accepted by Webster to write display—a feat which certainly required a great deal of ingenuity. Believe it or not, 19 of the high school seniors and 36 sixth graders succeeded in scoring a complete goose egg on the test, even with such words as many, again, here and wear.

City Superintendent of Schools Alexander J. Stoddard said there is a serious question as to whether any boy or girl who cannot spell as many as four or five of the words should be allowed to graduate from high school.

That is indeed a serious question, not alone with Dr. Stoddard but also with a businessman who might want to hire one of them as a stenographer.

## Villagers' Views

### Education, Not Laws, the Need

I was interested in the letters of H. G. Coulter and Mrs. Helen Bell regarding the United World Federalists, and their denunciations of Mrs. Whitehorn for her factual statements pertaining to world government. Mrs. Bell stated she did not want Mr. Coulter to stand alone, so in order to keep a batting average I want to assure her that Mrs. Whitehorn isn't standing alone either. Far, far from it. To go into the whole set-up of the U.W.F. would take more space than any newspaper would or could donate but there are a few things that can be discussed.

Mrs. Bell speaks of being in the company of "above-average

citizens" whose names appear on the list of sponsors of U.W.F. Let's have them, Mrs. Bell, and also send in the names of the people who started it and their background. I think Americans would be very, very interested. It is an old gag, Mrs. Bell, to drag in the Constitution to prove a point. That is what the "commies" who were tried in Judge Medina's court attempted to do. Use the Bill of Rights to destroy those very rights.

Those of us who have studied the Constitution of this Republic with some humility and appreciation see it as a standard—a way of life—and like all things of that nature it comes

under attack from people who are either ignorant, crafty or unwilling to discipline themselves and their own little tyrannies.

To compare the men who brought forth the Constitution with our present-day politicians is ridiculous. They believed that that right could not be denied and that "the state was the servant of the individual and not the individual the servant of the state." They were Christians cherishing man's individuality as his most precious possession, giving him the opportunity to rise as far as his vision and character could take him. That we have the kind of administration we have in Washington today cannot be laid to the failure of our form of government. It is the dishonesty and greed and sheer cussedness of human beings and world government isn't going to change that. We cannot legislate morality into mortals. Only education can do that and it is a slow, discouraging process.

Salvation from war and hatred and greed must begin in the individual and thence to the community, and I suggest this cheerfully to Mrs. Bell in exchange for her dig at Mrs. Whitehorn's "self-confidence." If we have stopped arguing with our husbands at the breakfast table—ceased to nag our children for their small infractions, stopped gossiping and slandering our neighbor—then (perhaps) we might be in a position to improve our world and help our brother. But government and dominion are within, first, last and always.

So let's stop messing around in effects (and other people's liberties) and get down to causes. In closing I am reminded of a verse in the Bible: "While they promise them liberty, they themselves are the servants of corruption; for of whom a man is overcome, of the same is he brought in bondage."

Sincerely,  
Hazel Rush Peck.

## California Cavalcade by CARL KUHN

## I Rise to Remark

By CONGRESSMAN JOHN PHILLIPS

There is nothing a Representative likes more than to get home and talk with his people. I enjoyed thoroughly the week I have just spent in the District. There is a stimulation in the youth and enthusiasm of the younger men and women who are working in the campaign, some of them for the first time, as there is in long standing friendships. A tide is moving, and like all movements, from hobbies to depression or prosperity, it is moving from east to west. There are indications in California. People now realize that all is not well in Washington, and they want to hear details from us who are close to the picture, and to express their own opinions.

What are the people at home thinking about? Last December they did not want more taxes, and were concerned about the deficit. They now want the present taxes reduced, especially the excise taxes, and there is a realization of the connection between wasteful spending and deficits and taxes and eventual bankruptcy or devaluation. This is good. But a new note has into the meetings. What, ask the people, is there to tell about the stories now coming out of the State Department? What about red herrings? What about Joe McCarthy? What about the most precious of the usual questions about farm policies, or strictly local issues.

IT WAS A QUICK TRIP, but a good one, and encouraging. To have pot-luck supper with my farm friends in Brawley one evening, then meet with more friends the next morning in Calipatria at a breakfast arranged through Chamber officials, then to meet with the citizens of Blythe at 10 o'clock, to talk about water problems, and to have lunch in Banning with men and women brought together by my own Kiwanis Club, followed by a few hours to look after personal matters before dinner and a meeting in Indio, not only leaves the impression of a busy day (like all the others) but emphasizes the increasing world problems which face the Congress, and the fallacy of talking with any more of anything like isolationism, if there were such a thing.

These are my reports, on returning to Washington: The Ways and Means Committee is about to bring out the tax reduction bill. It will recommend reducing or eliminating some war-imposed excise taxes, not older ones, and probably, under pressure from the White House, it will not cut as deeply as you or I want. The Appropriation Bill is on the floor for amendment. It is not likely to be through the House until the first week in May. I wish we could develop, in my own party, the fighting morale of a good football team. We lost an amendment to cut the top-heavy State Department budget by only 10%, on a teller vote of 107 to 113, or a total of 220 members present out of a possible 435. We lost an amendment to remove the authority under which departments and agencies use the tax-

payees' money to send their employees all over the nation, to promote their own ideas, by a vote of only 52 to 52, so it was decided, against us. This is heartening to anyone who knows how little the appropriations have really been cut in this time of crisis.

STATE DEPARTMENT conditions are coming more and more into focus. You will recall I asked you to keep open minds and not to prejudice these cases. I told you I knew some of Senator McCarthy's sources and had seen some of his material. Now you know why I said that. Perhaps it takes a two-fisted, fighting Irishman, rather than a more tactful one to generate the drive which has revealed some of the sources of internal treason, and to make honest and clean-minded men and women accept the incredible stories of "poor security risks" by the thousands, for reasons varying from mistaken idealism to perversion, many of them in highly sensitive government spots. After a briefing last night, by State Department executives, on the present delicacies of our USSR-US relations, I want to say, with George Washington, "Put only Americans on guard tonight."

## Politically Speaking

By ETHEL GILLET WHITEHORN

### A REBUTTAL

An interesting letter written by Mrs. Helen D. Bell and addressed to The Desert Sun was published in the April 21st issue. The lady states that a Mr. H. G. Coulter "should not have to stand alone in his opposition to Mrs. Whitehorn's opposition to World Government." Mrs. Bell also writes that she does not have the self-confidence (displayed by this journalist) which would prompt her to speak for America's women. "That," writes Mrs. Bell, "seems to me a very large order which would require extraordinary merit and vision."

In the first place, Mr. H. G. Coulter is not standing alone in his opposition to my opposition to World Government and its prime advocates, the United World Federalists. Since January, 1947—aided and abetted by California's women—I have consistently fought against the proposal with plenty of challengers facing me in public meetings from San Diego to the Oregon line. We won the victory here, in California. And the credit for that victory has been given to the women of California—thousands of women (who sent their leaders to the State Legislature with the friendly ultimatum: "Don't return home until Resolution 26 is rescinded and California's name is removed from the list of States that favor World Federal Government.")

LIKELIKE, I can speak "self-confidently" of America's women. Apparently Mrs. Bell has no knowledge of the Women's Patriotic Conference of Delegates from 35 national organizations with an aggregate of THREE MILLION MEMBERS. All world federal movements were denounced by this great number of women. The resolutions they passed have been published and republished in the Congressional Record for all members of Congress to consider carefully.

For the benefit of those who have been led to believe they could not be enthusiastic over world government, here are portions of Resolution 1, passed by the California Legislature a few weeks ago.

WHEREAS, Said Resolution (No. 26) was not a mere memorialization to the Congress but an APPLICATION by the Legislature of this State pursuant to Article V of the CONSTITUTION of the United States, that the Congress CALL A CONVENTION for the sole purpose of proposing an AMENDMENT TO THE CONSTITUTION TO EXPEDITE AND INSURE THE PARTICIPATION of the United States in a world federal government; and

WHEREAS, IF SIMILAR APPLICATION to the Congress is made by the legislatures of two-thirds of the states, the Congress shall HAVE NO CHOICE but to call a convention for such a purpose; and

WHEREAS, Said resolution, if acted upon and fulfilled by the Government of the United States, WOULD ENTAIL THE SURRENDER OF OUR NATIONAL SOVEREIGNTY, NULLIFY OUR CONSTITUTION, bring into being a FORM OF LAW whereby AMERICAN CITIZENS would be TRIED by citizens of other countries and IMPRISONED in FOREIGN JAILS; and

WHEREAS, In order to provide FINANCIAL SUPPORT for this World Government it would be necessary to GIVE such government the POWER OF TAXATION or to require contributions from member nations, and in either event the PRINCIPAL SOURCE OF FUNDS required for the support of such government would of necessity be the UNITED STATES, with a resulting HEAVY BURDEN on the AMERICAN TAXPAYER and the LOWERING of the American standard of living; now, therefore be it

RESOLVED BY THE SENATE AND THE ASSEMBLY OF THE STATE OF CALIFORNIA, JOINTLY, That the proposal in said Assembly Joint Resolution No. 26 be withdrawn. . . .

THE FIGHT has just begun. Every voter should know exactly where candidates stand on the issue of World Government. Do you believe any man can honestly take the oath of office to "preserve, protect and defend the Constitution of the United States of America" and at the SAME TIME devote himself to TRYING TO CREATE a brand NEW CONSTITUTION and a brand NEW FORM OF GOVERNMENT for these same United States of America??

It is one thing to be proud of the company one keeps, but it is far more important to be so

faithful to our country that we shall never let it get away from us.

Mr. Jones' Will provided that his wife would inherit his entire estate in the event of his death . . . and that their children should inherit from her. In reviewing his Will recently with his attorney, Mr. Jones found that his property would be subjected to estate taxes twice—once when he died and again at his wife's death. He discovered that these taxes would make substantial inroads against his estate.

Mr. Jones' attorney explained how through the use of a trust, property once taxed, would not be taxed again on passing to his children. His Will was redrawn. Bank of America was named as Trustee under Mr. Jones' Will to carry this tax saving estate plan into effect.

## Donald Casey Wins Village Marbles Crown for 1950

Donald Casey, aged 9, emerged from a field of 54 eight-to-ten-year-old Village youngsters, as the 1950 marbles champion of Palm Springs in the annual event run off by Cub Scouts last Saturday morning.

## That Hump in the Middle Is the Big Question Today

The Village softball fraternity is watching with much interest conversion of the baseball diamond at the Polo Grounds into a softball diamond for the pending softball league practice which will commence in about two weeks.

Equipped at the present time with the regulation pitcher's mound as per league baseball specifications, it is the contention of most softball fans that the 15-inch rise must be removed for successful play of their game. According to the present layout of the softball diamond, second base will be at approximately the spot where the pitcher's box is located for hardball, making an uphill run to second base and a downhill run to third. This, they contend, will throw the players off their games.

City officials, however, are of the opinion that the expensive operation of removal of the mound is not justified since all teams playing on the uneven diamond will be at the same disadvantage, thereby playing evenly. Expense for such an operation—removal and eventual replacing of the mound prior to spring baseball—will run between \$200 and \$1000, it is said. On the other hand, the soft-

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

# CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

# REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

# FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is  
Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good...

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT  
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by Presidential Fact Finding Board which spent months investigating the claims of the union leaders.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

### AROUND THE VILLAGE IN SIX MINUTES

WITH PRISCILLA CHAFFEY

There seems to be quite a commotion in the winter colony with a lot of going and coming on the part of people. Houses changing hands right and left which is probably the result of purchasers finally making up their minds in the affirmative. A nice time to be in the real estate biz.

Mr. and Mrs. Louis Benoit and daughter Conde are in the hills home for ten days before closing it for the season. It ranks as one of the winter colony's most exciting houses with a hillside location in Palm Canyon Mesa, and original charm in design.

**Ryan Mallard**

the trail of a combined auto and airplane; detachable wings for terra firma. The airplane that you can drive into the city streets upon arrival, has been a challenge which so far nobody has met to the entire satisfaction of the consumer, though many have tried.

Another prominent spring arrival is movie director Richard Whorf (Champagne for Caesar is his latest) with Mrs. Whorf and their daughter, Tina. Houseguesting with them in the Whorf hacienda in Tahquitz River Estates will be director John Vielleurs and wife—he opens up with a new Ginger Rogers picture starting June 1st. Leasing the Whorf home most of this winter were Mr. and Mrs. J. Linger, who have left for Honolulu.

Still on the Cosmopolitan front—Mr. and Mrs. John Gallois closed their winter colony home last week to return to Paris. Most of the summer will be spent in Austria making the rounds of the various health spas.

#### Here and There

Effie Banks took off Thursday for a summer East with family at Grosse Pointe. She said the past season the very nicest winter she EVER spent here—and she's spent many. . . The William Moncrief closed the hacienda in Tahquitz River Estates to fly East for the Kentucky Derby. . . Mr. and Mrs. Earl Coff-

man also off for the East, and if they don't make the Derby they'll be guests of J. Edgar Hoover in Washington.

Off to the Friar's Club show Saturday night at the Shrine Auditorium were Dorothy Gray and Viva Selig (the Seligs have leased the Florsheim hacienda for the rest of the season) as guests of director Harry Joe Brown. A merry time.

Chuck Hixon folds up J. W. Robinson's on Saturday and returns to the big city. Next season he will be down plus bride, whom he marries in Beverly Hills June 10. She is Mary Elizabeth Roberts. They will live in the Tahquitz River Estates area where bridegroom-to-be-Hixon is building a hacienda.

#### Firehouse Ball

Everybody looking forward to the Firehouse Five party at the Racquet Club May 6th, which has the preliminary rumble of a swell party. If Farrell thinks the way to CLOSE the club is to keep on giving fun parties—he's so WRONG! There are other ways we hear. Not so much fun—but all too effective.

Farrell starts screaming around about the last of April that this is going to be the LAST party for SURE—but the rugged R.C. Gang screams louder, about just ONE more. It's a hassle! We have been entertained all week by Mayor Charles Farrell's official welcome to the California Real Estate Board at their banquet at the Tennis Club. In his most suave and ingenious manner he says, "Fellow Rotarians, WELCOME TO THE RACQUET CLUB!" When the reaction had died down he is looking abashed and shy and saying, "Dear me, did I say something wrong?"

#### Farewell Luncheon

Joan McManus gave a delightful luncheon yesterday at her home on Mesquite Avenue in honor of Juana Warner, sister of Vivien Summerfield, who has been here all season. The party is hasta la vista for Mrs. Warner who leaves Saturday—also a birthday luncheon. Presents included a blanket for her horse, who is her pride and joy, and a riding purse.

Guests included Mrs. Kenneth Colborn, Mrs. William Malouf, Mrs. Kenneth Kirk, Mrs. John Costello, Mrs. Harold Murphy, Mrs. Edwin Fallgren, Mrs. Oliver Jaynes, Mrs. Robert Ransom, Mrs. Gwen Cobb, Mrs. Fern McAlister, Miss Lillian Bell and Dorothy Tiano.

Wearing the effective black and white of the Shadow Mountain Club's annual formal ball, the Shadow Ball, are left to right: Don Cameron, Ju ne King, Mrs. Joseph A. D'Alessio, Beverly Hills social leader, and Dr. D'Alessio, Verone Bernheimer and Shadow Mountain Club's founder and manager, Cliff Henderson.

## Spring Splash Final Fling At SM Club

Beautiful Shadow Mountain Club announces its "Spring splash and final fling . . ." for this weekend and the weekend of May 6th. On schedule are water shows, both Saturday and Sunday, with the USC diving team on this Sunday.

In addition to a dinner dance this Saturday night, a night in Hawaii is planned for next Saturday, May 6th, with guests requested to wear South Sea costumes.

## Breakfast Club Flyers Coming Next Weekend

Over a hundred pilot members of the Aviation Breakfast Club will put down at the Palm Springs Airport for their annual meeting, May 5, 6, 7, according to Mrs. Clema Granger, the Club's first president and active in its organization.

Weekend festivities for the flyers will include a dinner dance at Shadow Mountain Club Saturday evening and a special flyers' breakfast Sunday morning served from 10:30 on.

This year's Aviation Breakfast President is Hal Moore of Long Beach.

## This Week's Garden Hints

From the Palm Springs Garden Club

**Classification of Chrysanthemums**—Chrysanthemums fall into two classifications: 1. Large flowered, 2. Medium to small flowered. Since this column is for the beginner and the average gardener, we will skip the large-flowered varieties which should be tried only by experienced gardeners. Under 2, come innumerable types such as dwarfs, decorative (usually double and full center), singles, pompoms (including button) cascade (trailing, good for pots and window boxes), cushion mums (low growing) novelties (filled, spiky, etc.).

**Dwarfs:** Woodman's dwarf mums are very hardy and should do well in this area. They are excellent for front of the border planting. Two good new varieties to try are Happy, a bright yellow, and Doc, a rosy pink.

**Decoratives:** Some of the showiest of these double varieties are Avalanche, a beautiful white with a creamy center which will arrange well with yellows, and is an outstanding mum; Frances Whitteley, a bronze-garnet Jean Cumming, another white, Ruth Cumming, a bronze terra-cotta, and Masquerade, a new variety with a deep orchid purple bud that pales into a pink at the edges of the petals as the bud opens. Several pinks are October Girl, Allegro, Ambrosia, and Mary McArthur, and a good yellow is Golden Fleece. Four good bronze mums in the doubles are Argonne, Nokomis, Congo and Afterglow.

**Singles:** A good trio of singles are Appolo, a rosy salmon, Mars, an early-blooming velvety crimson, Ceres, a soft yellow.

**Pompoms:** a new rich red pompom with double blooms is the Ponca. The Fred Rockwell, a bronze and orangish-scarlet (seems impossible, but it's the

closest we can come to describing the unusual coloring), and 2 yellows, R. Marian Hatton, and Yellow Gem, and the white Irene. These are such a satisfaction for small house bouquets.

**Cushion Mums:** These have mounds of blooms and two of the hardies are Little Bob, a mahogany bronze, and Golden Glorymum.

Mums do need staking, so stake early and inconspicuously. Because each variety grows at the same rate is well to mass them according to varieties as they will help support each other.

## Palm Desert Sunbeams

By EDITH EDDY WARD

It was a delightful weekend at Palm Desert and Shadow Mountain Club, the activity that prevailed belying the post desert season. The weekend started off with a bang as early as Thursday, with four to five hundred Rotarians from afar and near, who were having a convention in Palm Springs, joining together with their ladies for an evening of dining and dancing. Friday and Saturday brought quite a number of members and guests to the desert to enjoy the beautiful days of April and exquisite evenings of soft breezes and brilliant stars.

The Club's Annual Shadow Ball was held Saturday evening. It was a charming affair, people mingling from table to table meeting old friends and making new ones. The decor consisted of blue and white balloons throughout the entire club house and much fun took place toward the close of the evening when first one and then another popped the balloons. Mr. and Mrs. Fred Talbot of Palm Desert had as their guests Mrs. Magnus Haws of Piedmont, California and her sister, Mrs. Bee Buckner, Mrs. Haws is the owner of the popular Haws Drinking Fountains. Also entertaining their friends that evening were Col. J. M. Robinson of Emerald Bay, Laguna; the Ken Colborns of Palm Springs; the Tommy Tomsons of Palm Desert and Pacific Palisades, Mrs. Rosa, the Picone of Los Angeles, Mr. Roy Lindberg (Lindberg Pianos) was here with his daughter and guests, who also gave a large cocktail party at the Tropical Gardens. With Vernon and Lorraine Peck were Mr. and Mrs. Richard Bailey of Los Angeles. The Harry Hoy enjoyed the evening together with their son Jim and daughter-in-law Jeanne. Seated at Cliff Henderson's table were Dr. and Mrs. Joseph A. D'Alessio of Palm Springs, Don Cameron, Mrs. Verone Bernheimer, Palm Springs and Miss Joan King of Washington, D. C. The genial couple, Mr. and Mrs. J. F. O'Connor from Los Angeles, who have been staying at Palm Desert for the past two months, were hosts that evening to twenty of Mr. O'Connor's staff. Mr. O'Connor is president of J. F. O'Connor and Son, Inc. Livestock and Beverly Hills. Having completely fallen in love with the desert and its way of life, Mr. O'Connor thought it about time to bring his loyal staff down to see for themselves what was keeping him and Mrs. O'Connor here so long. Also enjoying the weekend at Palm Desert were Mr. and Mrs. Elton Reinhardt of San Francisco; Mr. and Mrs. Wallace H. Rowe of Pasadena and Shadow Mountain Club's

president, Mr. Oscar Trippett of Los Angeles, together with Mrs. Trippett and their friends, Mr. and Mrs. Alfred Wallenstein.

Kris Kristiansen, our swimming pro, came through again with entertainment for Shadow Mountain Club members. He brought a swimming and diving team from Fullerton Junior College, National Junior College champions who performed Saturday afternoon while Life photographers took pictures of them for a forthcoming spread in Life Magazine. On Sunday, the aquatic feats were all performed by local girls and boys. Pat Nichols, who lives with her parents in Palm Desert and is a member of the Pasadena Athletic Club, has the distinction of taking second place in the A.A.U. Championships in 100-yard backstroke, which she demonstrated. Her friend, Charleen Zimmerman, also gave an exhibition of the free style which has made her the holder of the Junior A.A.U. 220 and 440-yard records. The two Andrews sisters, Winette and Karen, daughters of Mr. and Mrs. W. R. Andrews of Palm Village and Club members, gave a charming exhibition of rhythmic swimming to the lulling strains of Hawaiian music. They have practiced faithfully under the direction of Kris and this was their second performance and they will perform again this coming weekend and the one to follow. Dan and Larry Lichty, 10 and 12-year-old sons of Ken Lichty of Indio, already well known for their fine diving, also contributed to the afternoon's entertainment.

Forty members of the Charity League of Santa Monica enjoyed the facilities of the Club over the weekend as guests of Doris and Tommy Tomson and Pepperdine College held a formal dance Sunday evening, so all in all the weekend was quite gay and active.

The new Palm Desert Community Church building is fast nearing completion. Two services have already been held there, with the Reverend Dr. John Robertson Macartney as its pastor. On Monday, the 17th, its first social event was held. A pot luck supper was given by the Desert Guild for the benefit of the church. It brought a huge crowd, everyone bringing delectable dishes, cakes and pies to be auctioned off. The highlight of the evening was the drawing for Mrs. Margaret "Bunny" Ward's painting of desert scenery, which she had donated to the Church and had on display for many weeks at the Club. Everyone was hoping to win the painting, but the lucky winner was C. B. Knappen of Augusta, Michigan.

Bob and Dee Richardson of Shadow Mountain Stables are making preparations to leave the desert next week for their Big Bear hangout but there will be one last fling at The Stables this coming Monday, when the High Twelve Club of Palm Desert will have an all-day gathering of friends (2000 are expected). There will be entertainment by a number of movie stars. Indian ceremonial dances will be given. Of course, there will be riding, and the evening will wind up with a huge chuckwagon dinner and square dancing.

## Desert Inn Ends Season Next Tuesday

With May first set as closing date for the Desert Inn, plans are already underway for the 42nd season of the world-famous hostelry which will resume operations on October 14, 1950. The Dental Seminar, opening on October 15, will be the first convention group of the new season, with several other groups following, including many of those who met at the Desert Inn during the past season.

Some behind-the-scenes planning for the summer months is also being done by those whose names are synonymous with the Desert Inn, and with Palm Springs. Mrs. Nellie N. Coffman will enjoy her Banning home, Lazy Acres, during the summer months, and the Earl Coffman family will return to their Del Mar home, with time out for a vacation trip east during May. Mr. and Mrs. George Roberson will spend much of their time at their Newport Beach home.

Business will keep the James Geggies at the Desert Inn most of the summer, but they plan a vacation trip to parts-as-yet-undecided later in the summer.

Social Director Helen Williams sails abroad the Lurline for Hawaii on May 26, for a month's vacation in the Islands, after which she will probably stay in Idyllwild for the cooling breezes.

Other members of the Desert Inn family plan varied and interesting work and play in widely scattered areas until opening date for the 42nd season.

## Woman's Club Ends Season With Excellent Program

By RUTH MARTIN

Last Monday's meeting at the Palm Springs Woman's Club marked the end of the season's activities for that organization until November next, as well as being the occasion when the new President, Mrs. Violet Fowler, and her assisting officers, won instant favor with her interesting and concise reading of the minutes and her vivacious personality.

After the adjournment of the business meeting, Mrs. Charles E. Glass, charming program chairman for the past season, introduced Miss Helen Eadie, international flower stylist, who presented an hour's entertainment in a skit entitled "Hats of Fresh Flowers." Miss Eadie, who has become famous for her flower styling in Honolulu, Mexico, and Southern California, created very clever and beautiful hats from palm and Hawaiian Ti leaves trimmed with fresh jonquils, snapdragons, larkspur and roses which were fashioned on models selected from the club membership. All of the hats were charmingly suited to the individual types of the models and the comments by Miss Eadie and her French maid, as well as the humorous remarks from the models during the creation of the hats, were most amusing.

An attractive and refreshing tea was served at the close of the program by Mrs. Gordon Clark, chairman, assisted by Mrs. Wilson O. Gibbs, Mrs. George B. Davies, Mrs. H. Lauritz Hansen, Mrs. Alvin Weingarten, Mrs. John Dekker and Mrs. Carl Lykken. The stunning decorations of snapdragons and other spring flowers were arranged by Mrs. Homer Jenkins, Mrs. Wm. A. Lippman, Mrs. Edwin V. Fallgren, and Mrs. Wilson O. Gibbs.

## Somebody's Taking City Light Bulbs

Village police are quite concerned about—and are watching closely—the disappearance of lights undergoing tests on the palm trees in front of the Desert Inn when, last week, seven bulbs were taken from their sockets.

One lead is being followed up but probably a different type of lights, some that are more foolproof to vandalistic theft, will be considered for permanent installation.

## Rapid Progress Made on Church

Palm Desert Community church Sunday school and church services will be conducted in the new church building next Sunday at 9:45 and 11:00 a. m. Dr. J. Macartney, pastor said.

The new church edifice has made substantial progress. The tropical roof has been completed and a platform built. The tower is designed to contain the church office on the lower floor and above the heating and cooling plant and also a place for a set of chimes, which it is hoped will be donated as a memorial by some one.

Carl Henderson, chairman of the building committee, said that estimates have been received for the installation of the plate glass large window and sliding glass along the eastern side of the building. The estimated amount needed to provide this item is \$1900. The installation awaits more donations toward the building fund.

The Desert Guild at their potluck supper on Monday two weeks ago netted \$402 toward the building fund.

The May Day festival at the Stables sponsored by the H. Twelve club, also has one of its objectives assisting in the completion of the church edifice.

Hours of worship in the Episcopal church are at 8, 9:30 (S.S.) and 11:00 a. m. The Rev. Robert M. Hogarth, rector, will preach Sunday morning on "Jesus the Way."

He said "I am the Way," and for a hundred years or more the Christian religion was called the Way," said the Rector. That was a real miracle."

## FARM HOUSE TYPE HOME IN CONTEMPORARY STYLE

The farm house type home pictured this week satisfies the most fastidious taste of those who appreciate the low rambling style of architecture so often sought after by those who desire country atmosphere without sacrificing the clean smart lines of contemporary design.

Although many conventional ideas, both interior and exterior, were retained in the interest of economy and convenience, there are several innovations incorporated in the plan that prove the worth of a well engineered home of contemporary design.

**THE GARAGE** for instance, is constructed so as to permit the owner to drive completely through the garage instead of having to back out when leaving. Access from the garage is easily made through the spacious heater room to the main hall of the house.

A hobby room and cozy den has been incorporated in the plan to satisfy the man of the house while the food locker and deep freeze facilities plus a well planned kitchen and utility area help make the lady of the house happy and content.

**THE ARTISTIC ROOF** lines and unusual picture window effect in the front help to bring out the contemporary feeling desired to make the structure look up to date.

The size and location of the rooms enables an interesting placement of furniture and appointments that make the home reflect the character of the owners.

Despite all of the many conveniences, the entire living area

in the plan only occupies 1300 square feet of floor space, proving the value and economy of thoroughly and carefully engineering each and every phase of the plan.

### Johnny Mercer Buys Home Here

The winter colony gained an asset this week with the purchase of the F. H. Bartholomay home by composer and Mrs. Johnny Mercer. The hillside hacienda is in Palm Canyon Mesa and the transaction was handled by Frances Wilson from the Muriel Fulton real estate office.

### Maggards Buy Hillery Home

Mr. and Mrs. Edward Maggard, winter residents for many seasons, have purchased the W. H. Hillery hacienda in Los Palmas Estates. They were formerly from Ross, California. Prior to his retirement, Mr. Maggard was a railroad executive.

The real estate transaction was made by Florence Wilson from the office of Muriel Fulton.

### Dedicate New Metal Shop at School

### R. H. Fleet Buys Klinger Estate

The beautiful desert estate of Mr. and Mrs. Wm. Klinger was sold this week to Major and Mrs. Reuben H. Fleet of Point Loma, San Diego. The Klinger home is considered to be one of the most beautiful in Palm Springs. This is the third home that Major Fleet has owned here, and hereafter he expects to spend most of the winter in Palm Springs. Major Fleet was formerly president of Consolidated Aircraft.

The consideration for the deal was not disclosed, but it was known to be in the higher brackets. The office of Billy Wright handled the deal for the purchaser and Muriel E. Fulton handled the deal for the seller.

### Texas Matron Buys Winter Colony Home

Mrs. Ana M. O'Donnell, society matron from Texas, has moved into her new home on Vereda del Norte. The house was purchased from Florence and Ralph Shelley through Frances Wilson from the office of Muriel Fulton.

### Chicago Surgeon Planning Board Buys Local Home Declares Holiday

Dr. and Mrs. Alfred Strauss, winter colony residents for many seasons, this week purchased the home of Mrs. J. Frank Meyer at 909 North Patencia Road in Las Palmas. The famous Chicago surgeon and Mrs. Strauss have been leasing the house during the past season. The real estate transaction was handled by Frances Wilson from the office of Muriel Fulton.

### Therapeutic Pool Being Added to DHS Bath House

Another addition is being made to the already famous Desert Hot Springs Bath House and Swimming Pool. The new addition will be of great value to the public. L. W. Coffee, owner and operator of the bath house and pool, said:

The Therapeutic Pool which is now in course of construction, will be 65 feet in length, 12 feet in width, ranging from 18 inches to 3 feet in depth and will have a capacity of 13160 gallons and will have a constant supply of approximately 7500 gallons per hour, which will make a complete change of water approximately every two hours. The water will be supplied to the pool along the bottom around the pool with inlets every two feet under approximately 20 pounds pressure. This method of supplying the water will keep the pool almost as attractive as a running stream.

From past experience, Coffee has learned that a shallow pool, combined with the rays of the sun, creates an action on the body formerly unknown. The temperature of the water will be kept at a few degrees above body temperature. Mr. Coffee believes that the new pool will render great relief to the public. The lower end of the pool will be equipped with seats built into the wall of the pool so that a person can sit comfortably in the water up to their arm pits for relaxation.

Because so many residents will be absent during the summer months, the planning commission will again declare a summer holiday on zone applications and variance petitions, this year. Charles Woodman, planning director for the city, announced last week that there would be no hearings during the summer between June 15-September 26. Applications for change of zone must therefore be filed prior to May 10 and variance applications requiring hearings must be filed prior to May 24, he said.

### Building Pace Still Brisk

Building continued briskly in April, following the upturn displayed at the end of March with three new dwellings among the week's permits which went to:

Louis Kraft, 340 North Indian avenue, addition, \$600.  
Morrison, Wade and Reid, 974 San Lucas, dwelling, \$9000.  
Miss F. Upchurch, 571 North Sunrise Way, C. J. Carlson, dwelling, \$11,000.  
Tom May, 454 Marco Way, H. H. Foster, addition, \$2000.  
Ernest Off, Mariscal Road, dwelling, \$12,000.  
David Rose, 530 El Alameda, Paddock Engineering company, pool, \$6000.  
W. F. Schlotman, 648 North Palm Canyon, Charles Chamberlain, alteration, \$6900.  
F. R. Wuritzer, 591 Linda Vista, H. H. Foster, guest house, \$3000.

### Local Firm Designs U. C. Building

## NATIONAL REALTY PREXY WARNS OF PERILS AHEAD

More than 200 local and state realtors rallied at the Tennis Club Friday night to hear Bob Gerholz, president of the National Association of Real Estate boards speak plainly on the perils to this country from the socialistic trends in the federal government.

Stressing that the government is patterning its "planned economy" after England where there is a "rationed scarcity," Gerholz warned that the country is now headed towards the political control of every type of private enterprise and, despite the fact the United States is still the top nation in the world, this will soon be lost unless we return to a constitutional form of government.

"THE BIG THREAT to America is increased taxation," he felt, adding that the government has spent to the point where taxation is now at an all-time peace high level. "Our country now has 265 billions of dollars less than nothing at all in the bank," he said.

Before the last session of congress hit was one of several in the realty business, he pointed out, who attempted to amend a housing bill by requiring a welfare department to qualify

housing needs for the housing projects "instead of a middle bracket which didn't need it," and to prevent government employees from utilizing federal housing. Both failed, he said, and he told of how he and his group were labeled "a vicious real estate lobby."

GERHOLZ was introduced by president of the California state board, Herb Lahey of Huntington Park, who was preceded with short talks of welcome by Mayor Charles Farrell, Retiring President H. H. Foste and new President Billy Wright of the Palm Springs board and by Earl Johnson, vice president of the CREA, 14th district, which takes in most of southern California.

Meeting was attended by four state past presidents including John Munholland of Palm Springs, Peter Hanson of Glendale, Fred Mithell of San Diego, and Frank Whitelock of San Bernardino.

## Cathedral City

### Pres. Moon Gives Report On Activities for Season

At the annual election for half of the board of directors of Cathedral City's chamber of commerce held Tuesday evening at the Town Hall, a report on activities of the past year was made by President Warner S. Moon. The village is the first unincorporated area to receive the benefit of zoning under the recently enacted county ordinance. This was a project initiated by former president, L. C. Lewis and finally accomplished this year. A compilation of all Cathedral City tourist accommodations having three or more units was made for dissemination to prospective visitors. The Town Hall has been remodeled. Third street graded and paved. Initial steps taken for the paving of Broadway and considerable development on Cathedral's new Sunair Park. In connection with the park development, many comments were made as to the unselfish public spirit in time and planning for the park given by W. R. Hillery, who has fostered the plan from the start, by Prof. Kyle who has devoted many days of volunteer labor and by

### Woman's Club Closes Season

Wednesday afternoon marked the closing of an interesting and successful season for the Cathedral City Woman's club. Presiding in the president's chair for the first time was the incoming president, Mrs. LaVerle Ring. Mrs. Robert Davall, Bible chairman, was in charge of the program whose guest speaker for the day was Mrs. Lucille McCartney. Refreshments were served by the outgoing officers. Interesting plans are already in motion for the coming 1950-51 year, says the new president, Mrs. Ring.

## Sanitary Board Plans for Ballot

At the regular monthly meeting of the Cathedral Sanitary District board held Monday evening at the library, preliminary notice for the election of board members for the three expiring terms was given. The election according to law, must be held on the first Monday after the second Tuesday in September which this year will be September 18. As this comes at a time when many electors will be absent, advance notice is given at this time.

Nominating petitions must be signed by not less than five nor more than twenty qualified electors and the petitions filed with the secretary of the board no earlier than thirty nor less than twenty days before the election. Forms for the nominating petitions may be obtained upon application to any present member of the board.

The three board members whose term expire this year are, Warner Moon, Claude Cobb and Howard Headley. The other two board members whose terms have two more years to run are L. C. Lewis and Paul Clark. Mr. Headley has given notice that he is not a candidate for re-election. The board has requested County Board Commissioner Keith to take immediate action for the securing of a right of way and grading and graveling a road from Ramon avenue to the dump site recently acquired by the district, as it is expected to start use of the new grounds the first of next year. The board also stated that it has a supply of official "No Dumping" signs available and that upon application to the board either by mail or at the library these signs will be posted wherever considered needed.

### Until Fall

With this issue, the Cathedral City news page, as such, will be discontinued until fall. Your correspondent expects to spend most of the summer here however, and will be glad to take care of any important items for publication in the regular news columns of The Sun.

The first of a series of Sunday "open house" parties was held by the James Wolseths to celebrate their purchase and occupancy of the summer of a lovely cabin at Idyllwild on Sunday. Guests enjoying the Wolseth's hospitality were Mr. and Mrs. O. A. Torgerson, Mr. and Mrs. L. C. Lewis, Mrs. Clara Tambling, Mrs. Ann Riley, Mr. and Mrs. Jack Jacobson from Hemet, and guests of the Wolseth's Desert Lodge.

## Mrs. McManus Again in Charge Of Tennis Club

The Palm Springs Tennis Club has been closed for the summer following a court action this week through which it is expected the property will revert to Mrs. Pearl McManus. The club has been operated for the past few years by a corporation on a lease basis. Mrs. McManus asks termination of the lease for alleged failure to meet its terms.

Plans are already under way for resumption of the club's operations early in the fall, a spokesman for Mrs. McManus said yesterday. Mrs. McManus feels that the famed club is a big asset to the community and will see to it that operation of the elaborate facilities is resumed in the fall, it was stated. One of the most beautiful clubs of its kind in America, Palm Springs Tennis Club is known from coast to coast. Its facilities were vastly improved last summer by Vincent Marco who took over operations of the leasing corporation.

Warner Moon, L. C. Lewis, W. R. Hillery and Paul Clark attended the county chamber of commerce luncheon meeting held at Desert Hot Springs last week from Cathedral City.

## Irving Sussman Directs Players In Blithe Spirit

Noel Coward's farce-comedy, "Blithe Spirit," the rollicking story about mediums, spooks, and blithe spirits is now under full rehearsal by the Coachella Valley Community Players under the direction of Irving Sussman of Palm Springs. The production date has been set for Saturday evening, May 20, 1950, at the Coachella High school auditorium.

The play is being put on by the original Coachella Valley Community Players who did such a splendid job last January with "The Man Who Came to Dinner." Most of the cast of that play have returned and are in "Blithe Spirit."

Irving Sussman, former head of the English department at Palm Springs High school, is well known throughout the entire valley for his work in the Little Theatre as well as the puppet theatre.

## Rancho Mirage Fiesta Success

Rancho Mirage Fiesta, for the benefit of the emergency fire equipment fund, drew a crowd of some 300 from the entire desert area and Los Angeles, Long Beach, Glendale and San Francisco.

The party, given in the stage-like setting of the Rancho Mirage swimming pool above the Plaza, featured a number of novelty games, entertainment and music by a Mexican orchestra, square and round dancing, besides a Spanish dance by two little Mexican girls and an Indian ceremonial dance in costume by Mrs. Andrew Lester and son David of Palm Desert, assisted by Palm Springs high school students. Cal Brown emceed the various events of the evening. Prizes were contributed by Scott's Desert Shop of Cathedral City, Harlan Bosler and Curt Ring of Rancho Mirage, and David Culver.

Jack Swetland expressed the appreciation of the board of directors for the generous support of the fiesta from the community and its friends, and gave credit to the members of the committee and others in putting over his successful affair. "Already people are asking that we have another party in June," he said.

## Legion to Honor Ex-Commanders

Ten past commanders of Owen B. Coffman post, American Legion, will be honored tomorrow night at a dinner dance at World Wars Memorial Hall, Don Allen, chairman of the committee in charge, said yesterday.

Music will be supplied by Bob Minniss and his orchestra from San Bernardino and the public is invited. Entire affair is under the direction of Hilton McCabe, commander of the post.

## 'The Capture' Stirring Film

A refreshing new type of picture, integrating romance and mystery with its dramatic story of Americans in Mexico, comes to the screen of the Village Palm Springs Theater Wednesday in "The Capture." Niven Busch's production starring Lew Ayres and Teresa Wright.

Both stars turn in portrayals of a very different type from anything they have done in the past. Ayres plays the superintendent of an oil company in Durango, whose conscience troubles him after killing a suspected thief. Miss Wright is cast as the victim's widow, whose hatred for Ayres softens into love when she learns the extenuating circumstances of the affair.

The interplay of the feeling between the leading characters and the stirring climax when Ayres determines to clear up the question of his late adversary's guilt or innocence, lends unusual conviction to the film. The realistic atmosphere that Producer Busch and Director John Sturges have given the picture, add to its interest.

## Nixon to Speak Here Next Week

Congressman Richard Nixon, candidate for senator from California, will make a "stump" speech in the Village May 4, according to Councilman Florian Boyd, chairman of the Palm Springs area seeking the election of the congressman.

The Republican congressman, who will be opposed for the senatorial seat by both Manchester Boddy, publisher, and Congresswoman Helen Gahagan Douglas, will arrive in Palm Springs via his station wagon at approximately 1:30 p.m. on Thursday, May 4, and will address Villagers from the vehicle at the corner of Palm Canyon drive and Andreas road, Boyd announced.

"Nixon will give a five-minute 'stump' speech," declared local chairman Boyd, who also announced that Claude Valer is finance chairman of Nixon's local campaign.

too far away from the center of the Valley's population. "Mayfield's solution," "may be the cheapest way out," Varner said.

"But it should be a question of the best way out," retorted Joe Snyder, general manager of the Coachella Valley County Water District.

"We are planning for all time to come for our Valley," he added.

EX-SUPERVISOR EASLEY said "The County Fair is already short for a parking area and there is little likelihood of getting the housing off this land." Easley said the Supervisors' action was a hasty one made without consultation of the Valley planners or the County Planning Commission, just as was the Supervisors' action in appointing a County Hospital chief without consulting the County Medical Association.

### Katherine Leng Taken by Death

Cerebral hemorrhage was given as cause of the death last Saturday, April 22, of Katherine I. Leng, 59, a resident of the Village for the past six years.

A native of Canada, Mrs. Leng had been in the candy-making business prior to moving to Palm Springs with her husband, Ernest W. Leng. She is survived by Mr. Leng, two daughters, Grace G. Leng of Toronto, Canada, and Mrs. E. R. Hodges of Westwood, and a son, George E. of Thornton, Calif.

Services were held at Forest Lawn Tuesday by Wiefels and Son, Palm Springs morticians, and burial was at the Glendale cemetery.

### New FBI Agent Village Visitor

E. C. Richardson, guest at the Desert Inn Wednesday night, is the new Federal Bureau of Investigation Resident Agent succeeding Fred McIntyre who has held that post for almost two years.

Richardson, who assumed his new duties in the San Diego headquarters covering Orange, San Diego, Riverside and Imperial counties, was accompanied to the Village by H. P. Higgins in charge of the Riverside county office. Both FBI men were escorted about town by Chief of Police August Kettmann and later in the evening by Earl Coffman, co-owner of the Desert Inn.

The public will have the opportunity of seeing many of the posters in the downtown stores during the week preceding the poppy sale."

## Make Them Want to Come Back, Harris Tells Group

Fred Harris, past president of the Southern California Hotel association, told a joint meeting of the Chamber of Commerce and Palm Springs Hotel-Apartment association Friday in session at the Ch Chi that "we in Palm Springs must become a part of the way of life visitors look for when they come to Palm Springs."

"We have to make the Village attractive to them to bring them in and we have to maintain its attractiveness to keep them here," he continued, in describing how to cure the ills which are wont to afflict the resort business.

SMILING faces and giving visitors something to do when they are here are two of the main things he believes will help in holding them here for a longer stay and eventually sending them away with a more satisfied feeling.

"Goodwill is the most important factor in successful hotel operation," he said.

## Uncle Willie At Chi Chi

Uncle Willie, half pint sepia mime whose very appearance in his oversize clothes before the "mike" at the Chi Chi is enough to convulse the patrons, is even funnier and more comical when he starts into his act.

His type of entertainment is new to Palm Springs as are many of the acts that Irving Schuman has brought to his famous Chi Chi since he resumed operation of that popular night spot more than two years ago.

Uncle Willie, who is known as the "sawed-off starling with tall talents" has received the plaudits of theater critics throughout the nation, for his unique act.

### Troop 39 Patrol Wins at Camporee

Camporee of the Boy Scouts of the desert district held last weekend at the Polo Grounds was won by a patrol of five boys from troop 39, Palm Springs, as decided by Carl Helmick, executive from Riverside.

Winning boys were Marvin Yeager, patrol leader; Richard Mountz, Kenneth Sanders, Kenneth Reich and Kenneth Chapin. Winning score was 426 points over the other troops, with the troop of older boys from Desert Hot Springs taking second place with 422 points.

Harris, former operator of the Desert Retreat and B-Bar-H ranch prior to the war, was introduced by Keith Herbert, president of the chamber, who was chairman for the day.

OTHER speakers included Bill Waishe, chairman of the advertising committee of the chamber, and Douglas Anderson of Anderson-McConnell, Los Angeles firm handling the chamber's out-of-town advertising, who both spoke on progress of the Gold Mine program for adequate Village promotion.

Meeting was well attended despite competing meetings of Rotary and, in Riverside, the one concerning right-of-way for the tramway before the state forestry department. It was announced citizen-of-the-month award slated for Ernest Alschuler would be given next month, due to his absence.
